2021 – B.E. in Computer Engg.
DMCE, Airoli
2017 – Diploma in Computer Engg
VPM's Polytechnic, Thane
2014 – SSC
IES Secondary School,
Bhandup

Other Personal Details

City – Mumbai
Country – India

Harsh Tarkar

PROFILE SUMMARY

BE Graduate. 2 years of experience in Web Development. Sound understanding of Javascript, React, Database, and SQL queries. Capable of Performance Testing, Documentation, and Deployment on live site

WORK EXPERIENCE

Accenture

Packaged App Development Analyst (May 2021 – Sept 2023)

Developed new features and enhancements for the web application using React. Utilized state management techniques for real-time updates of tickets and ride bookings, ensuring synchronization with backend systems. Implemented REST APIs to connect the application to the backend services. Collaborated with clients to gather requirements and provide technical solutions resulting in a 100% satisfaction rate. Collaborated with cross-functional teams to ensure timely delivery of project milestones. Debugged and resolved application issues to improve user experience.

Gap in Employment (Sept 2023 – Current)

My father fell sick and my income alone was not sufficient to pay loan premiums. So I joined my family business and started working there. Kept practicing React.js and ready to join as soon as possible.

PERSONAL PROJECTS

Self Intro - [Link](#)

A static self introduction page with React as front-end. Link to all personal projects.

ZZZ Battery Charge Tracker App - [Link](#)

A tracker and planner to schedule daily in-game activities and check the approximate rewards that can be obtained using React.

Note-D - [Link](#)

A simple notes app to write short notes created using React as front-end. Express + Nodejs as the backend and PostgreSQL as the database.
